

# CANCER SURVIVORSHIP

## FOR PRIMARY CARE PRACTITIONERS

Are you keen to support patients who are living with cancer?

Register for a FREE half-day workshop Saturday 7 September 2019  
Victorian Comprehensive Cancer Centre Parkville

**The Victorian Comprehensive Cancer Centre (VCCC) and the University of Melbourne have created a new half-day workshop for general practitioners, nurses and allied health professionals.**

The collaborative, interactive workshop enables discussion with like-minded professionals from a range of disciplines keen to deliver best-practice care for cancer patients during and after treatment.

### Facilitators

Draw upon the expertise of cancer experts including general practitioner, A/Prof Justin Tse, Director of Medical Student Education, St Vincent's Clinical School, University of Melbourne and Yvonne Panek-Hudson, Peter MacCallum Cancer Centre nurse practitioner.

Gain an overview of cancer survivorship, an understanding of the shared care model as well as tools and resources for supporting cancer patients in the community.

*"It allowed me to hear about the experiences of cancer survivors and from family members of people currently undergoing treatment. I recommend it to anyone who wants to understand the lived experience of cancer and to develop their skills in the provision of effective and responsive care."* Practice Nurse

### ABOUT US

The VCCC is an alliance of 10 leading research, clinical and academic institutions with a shared commitment to saving lives through the integration of cancer research, education and patient care.

*The VCCC Cancer Survivorship for Primary Care Practitioners program is proudly supported by the Victorian Government.*
